STIFFLER MCGRAW RELOCATING TO TITUSVILLE *New office location to become more centralized to clientele*

Titusville, PA – Stiffler McGraw, a full service consulting firm offering civil engineering, surveying and architectural design services, headquartered in Hollidaysburg, PA, is excited to announce they will be relocating their Tidioute office to downtown Titusville. The key contacts for the new office will remain, Joel Romagna, P.E., and a shareholder of Stiffler McGraw, Joseph Roddy, P.E. and Danielle Zimmerman, E.I.T.

In honor of opening the office, Stiffler McGraw has joined the Titusville Area Chamber of Commerce and will host a Grand Opening Ribbon Cutting Event on Thursday, May 12, 2016 at 10:00 a.m. Breakfast refreshments will be served. If you would like to attend the event, please R.S.V.P. to Courtney Seidel at Stiffler McGraw at 814.696.6280 or cseidel@stiffler-mcgraw.com.

The new office is located at 115 West Spring Street, Suite One; Titusville, PA. In addition to this new location, Stiffler McGraw also maintains offices in Blair, Bedford, Bradford and Indiana Counties.

“We’re excited to be moving our Tidioute office to Titusville to become more centralized for our growing clientele in all surrounding service areas, said President, Timothy A. Cooper, P.E. Our new location will allow us to be within relevant distance to all current and future projects and we believe it will help us better serve our clientele.”

Public and private sector clients with projects in Titusville and surrounding areas will benefit from Stiffler McGraw’s comprehensive services which include, municipal engineering, water and wastewater engineering, transportation engineering, environmental engineering, land development, surveying, structural services, architecture services, landscape architecture and construction services.

About Stiffler McGraw

Stiffler McGraw is a full service consulting firm offering complete civil engineering, surveying and architectural design services. The firm designs innovative concepts for water, sewer, bridges, roads, buildings, building sites and any other type of infrastructure project. In addition, Stiffler McGraw offers planning, funding and construction management services. With their state of the art equipment and eye for intricate detail, Stiffler McGraw can ensure that each project is completed to the highest of standards.
