Stiffler McGraw Donates to Local Food Bank

Indiana, PA – On Friday, May 25th Stiffler McGraw employees delivered 2,526 pounds of food to the Indiana County Community Action Program Food Bank.

Stiffler McGraw collected canned goods and non-perishable food items from April 23rd until May 23rd. In addition to the items collected, Stiffler McGraw matched their employee's monetary donations to go shopping for additional items to boost the amount given to the ICCAP food bank.

The Indiana County Community Action Program Food Bank is a local food bank and program that serves over 6,000 income eligible individuals, which represents roughly 2,500 households, and supplies 17 food pantries in the area. The food bank distributes approximately 797,200 pounds of food annually.

The end of May was chosen to donate due to children being out of school for summer and it's usually when donations tend to slow down. Stiffler McGraw wanted to choose a date that would be a greater benefit for those in need of these resources.

“We were very pleased at the amount we were able to donate and contribute to this wonderful program. Knowing that we are helping to make a difference to a local area we serve is gratifying.”

About Stiffler McGraw

Stiffler McGraw is a full service consulting firm offering complete civil engineering, surveying and architectural design services. The firm designs innovative concepts for water, sewer, bridges, roads, buildings, building sites and any other type of infrastructure project. In addition, Stiffler McGraw offers planning, funding and construction management services. With their state of the art equipment and eye for intricate detail, Stiffler McGraw can ensure that each project is completed to the highest of standards.
