Eric Banks, P.E. Earns His Professional Engineering License

HOLLIDAYSBURG – Stiffler McGraw, a full-service consulting firm offering complete civil engineering, surveying and architectural design services is pleased to announce Eric Banks, P.E. has earned his Professional Engineering (P.E.) license.

The license allows Eric to prepare, sign, seal and submit engineering plans and drawings for public and private clients as well as municipalities and authorities. He has been employed with Stiffler McGraw since May 2013 in our Land Development Division working on wide ranges of projects including, commercial site designs, streetscape enhancement projects, storm sewer improvements, industrial site designs, bridge inspections and permitting.

Eric is a University of Pittsburgh graduate, where he earned his Bachelor of Science Degree in Civil Engineering. His overall responsibility is design, permitting and client liaison for projects.

With Eric Bank, P.E. passing his Professional Engineering. license, Stiffler McGraw now has 22 licensed professional engineers, architects, landscape architects and surveyors.

About Stiffler McGraw

Stiffler McGraw is a full-service consulting firm offering complete civil engineering, surveying and architectural design services. The firm designs innovative concepts for water, sewer, bridges, roads, buildings, building sites and any other type of infrastructure project. In addition, Stiffler McGraw offers planning, funding and construction management services. With their state of the art equipment and eye for intricate detail, Stiffler McGraw can ensure that each project is completed to the highest standards.
