Stiffler McGraw Welcomes New Employee

Hollidaysburg, PA – Stiffler McGraw, a full-service consulting firm offering complete civil engineering, surveying and architectural design services is pleased to announce the addition of John Woodworth, P.L.S.

John recently joined Stiffler McGraw as a Professional Land Surveyor and comes to the firm with over 13 years of experience in surveying and mapping. John attended The Pennsylvania College of Technology in Williamsport, Pennsylvania where he earned an Associate Degree in Surveying Technologies and an Associate Degree in Civil Engineering. He will be working out of our Titusville office and will be responsible for estimating, procurement of work and field and office work associated with all types of surveying services offered by Stiffler McGraw.

About Stiffler McGraw

Stiffler McGraw is a full-service consulting firm offering complete civil engineering, surveying and architectural design services. The firm designs innovative concepts for water, sewer, bridges, roads, buildings, building sites and any other type of infrastructure project. In addition, Stiffler McGraw offers planning, funding and construction management services. With their state of the art equipment and eye for intricate detail, Stiffler McGraw can ensure that each project is completed to the highest of standards.
