Stiffler McGraw Welcomes New Employee

Hollidaysburg, PA – Stiffler McGraw, a full-service consulting firm offering complete civil engineering, surveying and architectural design services is pleased to announce the addition of Jeffrey Heinrich, P.E.

Jeffrey recently joined Stiffler McGraw as a Sr. Project Engineer and comes to the firm with over 24 years of experience in land development and environmental engineering. His experience includes overseeing land development projects from the conceptual phase through completion including, site layout, grading, access, utilities, stormwater management, erosion and sedimentation control and permitting. He earned his Bachelor of Science Degree in Civil Engineering from The University of Pittsburgh.

Jeffrey will be working in our Land Development/Environmental/Transportation Division and will be responsible for design, permitting, project management, bidding, contract administration and client coordination for land development projects.

About Stiffler McGraw

Stiffler McGraw is a full-service consulting firm offering complete civil engineering, surveying and architectural design services. The firm designs innovative concepts for water, sewer, bridges, roads, buildings, building sites and any other type of infrastructure project. In addition, Stiffler McGraw offers planning, funding and construction management services. With their state of the art equipment and eye for intricate detail, Stiffler McGraw can ensure that each project is completed to the highest of standards.
